.Java Developer

Projects: Employee salary calculation systemTechnology used: C#, ASP.Net MVC5 / Oracle DBMain

responsibilities: Main responsibilities:

- Fix bugs on some functions of the system.
- Build new working screens of the system.

Achievements and skills gained:

- Understanding Java ADF Technical.

HONORS & AWARDS

- Hanoi University of Mining and Geology Scholarship in the year 2012-2013 and 2013-2014.

- Won the first prize in student science research in the year 2013-2014.

- Reward of the Youth Union of Hanoi University of Mining and Geology,

SKILLS

Language	English
Computer	Office, Image Processing
Database	SQL Server, Oracle, MySQL
Programming	C#, VB.Net, Java, C, C++

ADDITIONAL INFORMATION**Strengths**

High sense of responsibility in work, enthusiasm, perseverance, dynamism, health, agility, high pressure, eager to learn, flexible, honest, able to work in groups, possible Functional design analysis.

Weaknesses

No schedule has been arranged, the work is reasonable, foreign language needs to be improved.
